About this item

- **Versatile Mounting:** Universal bolt-on design ensures secure mounting of brake power booster and master cylinder directly on the firewall, streamlining installation.
- **Customizable Fit:** Features an adjustable pedal bracket that can be trimmed to your desired length, offering pedal pivot points at 7", 8.5", 10", 11.5", or 13" from the firewall to suit various applications.
- **Ideal Conversion Kit:** Perfectly tailored for cars or trucks that were originally designed with the master cylinder located under the floor, offering a modern upgrade.
- **Broad Compatibility:** Designed to fit seamlessly with the popular 3-3/8" x 3-3/8" square bolt pattern brake boosters, ensuring wide-ranging applicability.
