THINGS ARE LOOKING

## FOR *CHRONDEK'S* NEW DRAG RACE *HANDICAP STARTING SYSTEM*

### PROVIDES HANDICAP STARTS

Race across class - use fewer trophies.  
Save money, yet give bigger prizes.

### SELF STAGING

Driver stages himself, eliminates extra people on the starting line.

### NO-JUMP FOUL CIRCUITS

Chrondek's original "Capture beam" system eliminates false jumps.

### STANDARDIZED

Uses the 5 amber count at 1/2 second intervals, National standard.

### RELIABLE

Fully transistorized and regulated for the most reliable operation possible.

### SECTIONALIZED

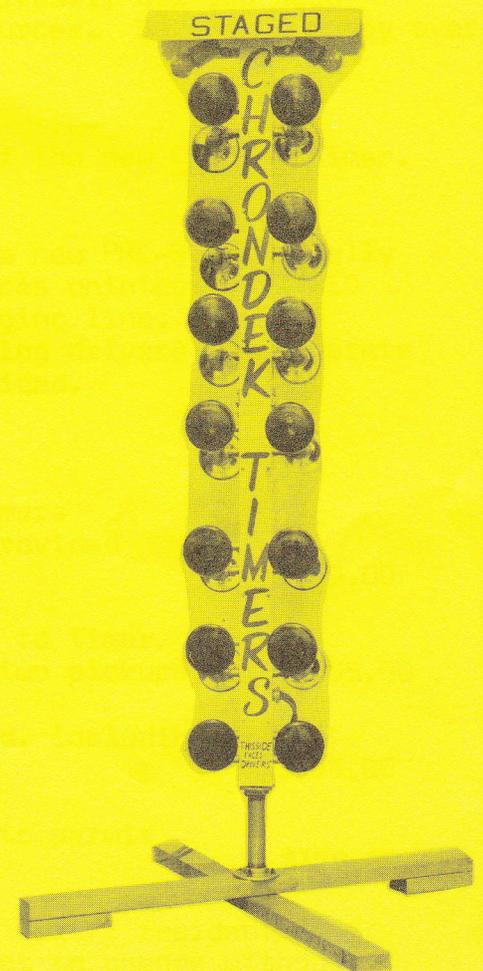

Light stand breaks down for easy handling.

### PRESTAGER

Pre-stage option provides quicker, surer self-staging, fewer red lights.

### GUARD BEAM

Guard beam option prevents overstaging, prevents cheating on starts.
