fire!**

CHRONDEK'S NEW HS-5 DRAG RACE HANDICAP STARTING SYSTEM

HANDICAP DRAG RACING -

Exciting drag races. Race across class. Use fewer trophies. Save money, yet give bigger prizes.

SELF STAGING -

Driver stages himself, quickly and accurately, helping the race run more smoothly.

NO-JUMP FOUL CIRCUITS

Chrondek's original "Capture Beam" system eliminates beating the red light.

NATIONALLY RECOGNIZED

Uses the five amber count-down at 1/2 second intervals. this is the national standard.

RELIABILITY PROVEN

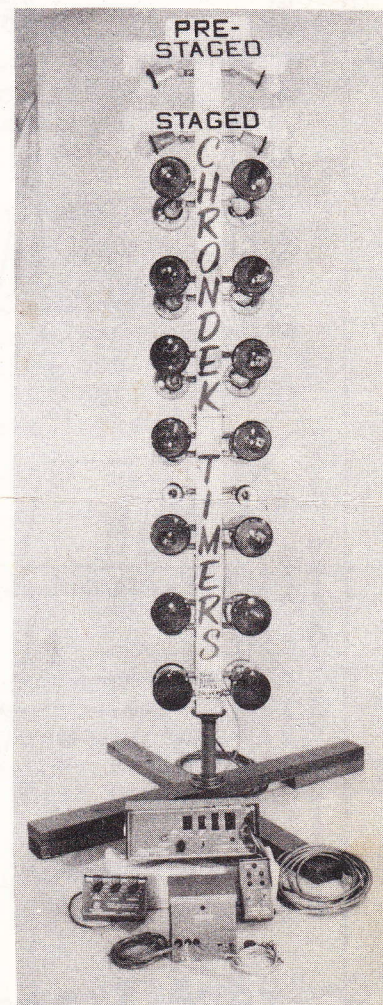

Severe field tests have proven the HS-5 system's rugged reliability at drag strips throughout the country.

SECTIONALIZED

Light stand breaks down for easy handling.

PRE-STAGER

Pre-Stager option provides quicker, surer self-staging, fewer red lights.
